### **REASONS FOR ALLOWANCE**

1. Claims 1-7, 12-24, 26-29, 32-40 are allowed over the prior art of record.
2. Claims 8-11, 25, 30 and 31 have been cancelled.
3. The following is an examiner's statement of reasons for allowance: The Applicant has amended the claims as requested to place the case in condition for allowance. The feature of independent claims 1, 19, and 23 directed towards allowable subject matter is the interface housing being hinged to the display housing such that the interface housing can fold behind the display housing and be used to couple to the handheld computer when in the fully folded position, wherein the display is visible when the interface is in the fully folded position and the interface is coupled to the handheld computer. This feature is not taught or suggested by Ogura in view of Mills. Ogura generally teaches of said portable hinged display however said hinged display visibility functionality is absent when connected to the computer. Therefore these features in combination with the other limitations of the claims make them allowable over the prior art of record.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
